INDEPENDENT AUDITOR'S REPORT

Members of the Board of Commissioners
Rolling Meadows Park District
Rolling Meadows, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Rolling Meadows Park District, Rolling Meadows, Illinois, as of and for the year ended April 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the management of the Rolling Meadows Park District, Rolling Meadows, Illinois. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Rolling Meadows Park District, Rolling Meadows, Illinois as of April 30, 2010, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and other required supplementary information listed in the accompanying table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Rolling Meadows Park District, Rolling Meadows, Illinois' basic financial statements. The combining and individual fund financial statements and schedules and supplementary information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in cursive script, appearing to read "S. K. H. LLP".

GENERAL PURPOSE EXTERNAL
FINANCIAL STATEMENTS

ROLLING MEADOWS PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2010

As management of the Rolling Meadows Park District, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended April 30, 2010. Since the Management's Discussion and Analysis ("MD&A") is designed to focus on the current year's activities, resulting changes and currently known facts, it should be read in conjunction with the District's financial statements.

Financial Highlights

- The assets of the District exceeded its liabilities at April 30, 2010 by \$16.1 million. Of this amount, (\$47,987) represents unrestricted assets which may be used to meet the District's ongoing obligations to citizens and creditors.
- At the close of the current fiscal year, the District's governmental funds reported a combined ending fund balance of \$1,912,143 an increase of \$160,297 in comparison with prior fiscal year.
- Property and replacement taxes collected were \$4,002,745 and \$77,866, an increase of \$387,247 in property taxes and a decrease of \$10,103 in replacement taxes.
- The Governmental Activities revenue was \$7.241 million, an increase of \$28,138 over the prior fiscal year.
- The Governmental Activities expenses were \$6.6 million, a decrease of \$433,671, or 6.1%, over prior fiscal year. Contributing to this was a decrease in operating expenditures and staff vacancies, resulting in a reduction in salaries and benefits.
- The District's outstanding long term debt is \$4,370,000, compared to \$4,560,000 last year, reflecting a 4.1% decrease. This includes the issuance of \$1,070,000 in general obligation bonds to fund future capital project.

Overview of the financial statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The statement of net assets presents information on all of the District's assets and liabilities, with the difference between the two reported as net assets. Over time increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

ROLLING MEADOWS PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2010

The Governmental Activities reflect the District's basic services, including administration and culture and recreation. Property taxes and program fees finance the majority of these services. The Business-Type Activities reflect private sector type operations, where the fee for service typically covers all or most of the cost of operations, including depreciation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund and the outstanding bond holding fund, both of which are considered to be major funds. Information from the District's five other governmental funds are combined into a single column presentation. Individual fund information for these non-major governmental funds is provided elsewhere in the report.

The District maintains one type of proprietary fund (enterprise funds). Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses enterprise funds to account for the rental of its property to an independent concession vendor. Proprietary funds provide the same type of information as the government-wide financial statements. The proprietary fund financial statements provide separate information for the concessions.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the information provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements this report also includes certain required supplementary information related to budgetary information and the District's progress in funding its obligation to

ROLLING MEADOWS PARK DISTRICT, ILLINOIS

provide pension benefits to its employees. Non-major fund information can be found immediately following the required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following chart reflects the condensed Statement of Net Assets (in millions):

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>		<u>Total Primary Government</u>	
	<u>2010</u>	<u>2009</u>	<u>2010</u>	<u>2009</u>	<u>2010</u>	<u>2009</u>
Assets:						
Current & other assets	\$ 4.5	4.3	\$ (0.1)	(0.2)	\$ 4.4	4.1
<u>Capital assets</u>	<u>18.9</u>	<u>18.8</u>	<u>(0.0)</u>	<u>0.0</u>	<u>18.9</u>	<u>18.8</u>
Total assets	23.4	23.1	(0.1)	(0.2)	23.3	22.9
Liabilities:						
Other liabilities	2.5	2.5	0.0	0.0	2.5	2.5
<u>Long-term liabilities</u>	<u>4.6</u>	<u>5.0</u>	<u>0.0</u>	<u>0.0</u>	<u>4.6</u>	<u>5.0</u>
Total liabilities	7.1	7.5	0.0	0.0	7.1	7.5
Net Assets:						
Invested in capital						
Assets, net,	14.4	14.0	0.0	0.0	14.4	14.0
Restricted	1.7	1.3	0.0	0.0	1.7	1.3
<u>Unrestricted</u>	<u>0.1</u>	<u>0.3</u>	<u>(0.1)</u>	<u>(0.2)</u>	<u>0.0</u>	<u>0.1</u>
Total Net Assets	<u>\$16.2</u>	<u>\$15.6</u>	<u>\$(0.1)</u>	<u>\$(0.2)</u>	<u>\$16.1</u>	<u>\$15.4</u>

- The District's combined net assets increased by \$677,058 or 4.2%.
- The largest portion of the District's net assets (81%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment); less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.
- An additional portion of the District's net assets represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets, (\$47,987) may be used to meet the District's ongoing obligations to citizens and creditors.
- The District reflects negative unrestricted assets of (\$133,023) in its business-type activities which represent previous years' losses relating to the self operation of concessions activities. Beginning in the fiscal year ending April 30, 2005, the District leased out its concessions operation to an outside vendor which realizes monthly rental revenue. During fiscal year 2009/2010, the District received \$19,151 in rental revenue thus decreasing the unrestricted asset balance over prior fiscal year by this same amount.

GOVERNMENTAL ACTIVITIES

Revenues:

- Property tax revenues accounted for 55% of total District revenues for the fiscal year.
- General Recreation program revenue accounted for \$1.233 million or 17% of the total District revenues for the year.
- The District's ice arena programs accounted for \$1.736 million or 24% of the total District revenues for the year.

ROLLING MEADOWS PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2010

Expenses:

- Total District expenditures decreased by \$433,671 or 6.1% over prior fiscal year. Contributing to this was a decrease in operating expenditures and staff vacancies, resulting in a reduction in salaries and benefits.

BUSINESS TYPE- ACTIVITIES

Revenues:

- Revenue of \$19,151 relates to the rental of District property within the Nelson Sports Complex and the West Meadows Ice Arena to an independent concessions vendor as well as vending machine sales revenue sharing.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

- The General Fund total fund balance totaled \$894,617, a decrease of 10.2% over prior fiscal year.
- The Recreation Fund's ending fund balance for the fiscal year was (\$1,208,542). For the fiscal year, it recorded an increase in the fund balance by \$143,527. The change is due to a slight increase in charges for recreation programs and savings realized in keeping expenditures down.
- The Debt Service Fund has a total fund balance of \$573,978 all of which is reserved for the payment of debt service.
- The Paving and Lighting Fund's ending fund balance for the fiscal year was \$52,825 in comparison to a balance of \$16,666 in FY2008/2009; this was due to property tax revenue. All of which is reserved for paving projects included in the FY 2011 planned capital expenditures.
- Major capital projects completed during the year, were the Salk Playground renovation, the adding of an additional slide to the Nelson Sports Complex Pool, and completing the grate replacement at both pools to bring them into compliance with Virginia Graeme Baker Act.

Proprietary Funds

- The District's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.
- Unrestricted net assets of the Concessions fund at the end of the fiscal year amounted to a balance of (\$133,023) which was detailed under the Government-Wide Financial Analysis section.

ROLLING MEADOWS PARK DISTRICT, ILLINOIS
MANAGEMENT'S DISCUSSION AND ANALYSIS
April 30, 2010

Debt Administration

At April 30, 2010, the District had the following outstanding debt:

General Obligation Alternate Revenue Source Bonds, Series 2004	\$3,300,000
General Obligation Limited Tax Park Bonds, Series 2009	\$1,070,000
Refunding Installment Contract Certificates, Series 2002	\$120,000
West Meadows Copier Capital Lease	\$9,639
Park Central Copier Capital Lease	\$17,577
Lawn Tracker Capital Lease	\$8,268

- During the year, the District retired \$1.315 million in debt. The retired debt was G.O. Bonds, Series 2008 in the amount of \$960,000 and \$300,000 on the 2004 Alternative Source G.O. Bond. Additionally, \$55,000 was paid on the 2006 Debt Certificates to retire them as well.

DECISIONS EXPECTED TO HAVE AN EFFECT ON FUTURE OPERATIONS

The 2009 Tax Levy (for taxes collected in 2010) was based on the Consumer Price Index (CPI) of 0.10%; the District does not anticipate any significant growth in the tax base as the City of Rolling Meadows does not currently have any development projects. In addition, the District continues to rely on user fees that mitigate the limitations on property tax revenues affecting the District. As a result, program fees for FY2011 will be slightly increased.

The 2010/11 fiscal year total budget is \$8,240,000, a decrease of 7.1% from fiscal year 2009/10. This is due to the decrease in capital outlay from operating funds. In the upcoming fiscal year, with the continued uncertainty it is important that we remain vigilant in our attempts to control our costs at all levels.

CONTACTING THE PARK DISTRICTS FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the District's finances. Questions concerning this report or requests for additional financial information should be directed to the District Treasurer, Rolling Meadows Park District, 3000 Central Road, Rolling Meadows, Illinois 60008

ROLLING MEADOWS PARK DISTRICT
ROLLING MEADOWS, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

April 30, 2010

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Rolling Meadows Park District (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

a. Reporting Entity

The District has adopted the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, under which the financial statements include all organizations, activities, functions and component units for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and either (1) the District's ability to impose its will over the component unit or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the District.

The accompanying basic financial statements present the District only since the District does not have component units. The District has a separately elected board, the power to levy taxes, the authorization to expend funds, the responsibility to designate management and the ability to prepare and modify the annual budget and issue debt. Therefore, the District is not included as a component unit of any other entity.

b. Fund Accounting

The District uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into the following categories: governmental and proprietary.

ROLLING MEADOWS PARK DISTRICT
ROLLING MEADOWS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Fund Accounting (Continued)

Governmental funds are used to account for all or most of a District's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general capital assets (capital projects funds), the servicing of general long-term debt (debt service funds) and the management of funds held in trust that can be used for governmental services (permanent fund). The general fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the District (internal service funds). Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds*, the District has chosen to apply all GASB pronouncements as well as those FASB pronouncements issued on or before November 30, 1989 to account for its enterprise funds.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of material interfund activity has been eliminated from these statements except for interfund services provided and used. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

ROLLING MEADOWS PARK DISTRICT
ROLLING MEADOWS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

The Recreation Fund accounts for the operation of the District's recreation activities and is financed by a specific annual property tax levy to the extent user charges are not sufficient.

The IMRF/FICA Fund accounts for the property tax revenues and related expenditures for the District's participation in the Illinois Municipal Retirement Fund, Social Security and Medicare.

The Special Recreation Fund accounts for the expenditures for the District's participation in the Northwest Special Recreation Association and is financed by a specific annual property tax levy.

The Debt Service Fund is used to account for the payment of principal and interest on the District's general obligation bonds.

The Capital Projects Fund accounts for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

The District reports the following major proprietary funds:

The Concession Fund operations are financed similar to a private business enterprise; the intent is that the cost of the service is financed by user charges and the activities be measured on a net income basis.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues and expenses are directly attributable to the operation of the proprietary funds. Nonoperating revenue/expenses are incidental to the operations of these funds.

ROLLING MEADOWS PARK DISTRICT
ROLLING MEADOWS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation
(Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period, usually 60 days. The District recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.

Those revenues susceptible to accrual are property taxes, licenses, interest revenue and charges for services.

In applying the susceptible-to-accrual concept to intergovernmental revenues (i.e., federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the District; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are generally revocable only for failure to comply with prescribed eligibility requirements. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion.

The District reports deferred or unearned revenue on its financial statements. Unearned or deferred revenues arise when a potential revenue does not meet the measurable, available or earned and earned criteria for recognition in the current period. Unearned or deferred revenues also arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the District has a legal claim to the resources, the liability for unearned or deferred revenue is removed from the financial statements and revenue is recognized.

ROLLING MEADOWS PARK DISTRICT
ROLLING MEADOWS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

e. Cash and Investments

Cash and Cash Equivalents

For purposes of the statement of cash flows, the District's proprietary funds consider all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Investments

In accordance with Governmental Accounting Standards Board Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, nonnegotiable certificates of deposit and investments with maturity of less than one year at date of purchase are stated at amortized cost. All other investments are recorded at fair value.

f. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

g. Inventories

Inventories are valued at cost. Cost has been determined using the first-in, first-out (FIFO) method. The costs of governmental fund type inventories are recorded as expenditures when consumed rather than when purchased.

h. Prepaid Items/Expenses

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses.

ROLLING MEADOWS PARK DISTRICT
ROLLING MEADOWS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

i. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Land improvements	10-50 years
Buildings and other improvements	10-50 years
Machinery and equipment	3-10 years

j. Compensated absences

Vested or accumulated sick leave and compensatory time off that is owed to retirees or terminated employees is reported as an expenditure and a fund liability of the governmental fund that will pay it in the fund financial statements. Vested and accumulated sick leave and compensatory time off of governmental activities at the government-wide level is recorded as an expense and liability as the benefits accrue to employees.

k. Long-Term Obligations

In the government-wide financial statements, and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts, as well as issuance costs and unamortized loss on refunding, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount and unamortized loss on refunding. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

ROLLING MEADOWS PARK DISTRICT
 ROLLING MEADOWS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k. Long-Term Obligations (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

l. Fund Balances/Net Assets

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. In the government-wide financial statements, restricted net assets are legally restricted by outside parties for a specific purpose. None of the net assets are restricted as a result of enabling legislation adopted by the District. Invested in capital assets, net of related debt, represents the book value of capital assets less any long-term debt principal outstanding issued to construct capital assets.

2. LEGAL COMPLIANCE AND ACCOUNTABILITY

Deficit Fund Balances

The following funds had a deficit in fund balance at April 30, 2010:

Fund	Deficit
Recreation Fund	\$ (1,208,542)
Concessions	(133,023)

ROLLING MEADOWS PARK DISTRICT
 ROLLING MEADOWS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

3. DEPOSITS AND INVESTMENTS

The District’s investment policy authorizes the District to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services and Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value). The District’s investment policy does limit their deposits to financial institutions that are members of the FDIC system and are capable of posting collateral for amounts in excess of FDIC insurance.

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the “prudent person” standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, safety of principal, liquidity and rate of return.

The District maintains a cash and investment pool that is available for use by all funds. In addition, investments are separately held by several of the District’s funds.

a. Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the District’s deposits may not be returned to it. The District’s investment policy requires pledging of collateral, at 110% of the deposits secured, for all bank balances in excess of federal depository insurance, with the collateral held by and independent third-party.

b. Investments

The following table presents the investments and maturities of the District’s debt securities as of April 30, 2010:

Investment Type	Fair Value	Investment Maturities in Years			
		Less Than 1	1-5	6-10	Greater than 10
Illinois Park District Liquid Asset Fund	\$ 163,721	\$ 163,721	\$ -	\$ -	\$ -
TOTAL	\$ 163,721	\$ 163,721	\$ -	\$ -	\$ -

ROLLING MEADOWS PARK DISTRICT
 ROLLING MEADOWS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

3. DEPOSITS AND INVESTMENTS (Continued)

b. Investments (Continued)

In accordance with its investment policy, the District limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market.

The District limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in external investment pools.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the District will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the District's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held in a custodial account with the trust department of an approved financial institution.

Concentration of credit risk is the risk that the District has a high percentage of their investments invested in one type of investment. The District's investment policy requires diversification of investment to avoid unreasonable risk but has no set percentage limits.

4. CAPITAL ASSETS

Capital asset activity for the year ended April 30, 2010 was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
GOVERNMENTAL ACTIVITIES				
Capital assets not being depreciated				
Land	\$ 5,788,400	\$ -	\$ -	\$ 5,788,400
Construction in progress	8,980	-	8,980	-

5. PROPERTY TAXES

The District's property taxes are levied each calendar year on all taxable real property located in the District. Property taxes collected are recorded as revenue.

The County Assessor is responsible for assessment of all taxable real property within Cook County, except for certain railroad property, which is assessed directly by the state. One-third of Cook County is reassessed each year on a repeating triennial schedule established by the County Assessor.

The County Clerk computes the annual tax for each parcel of real property and prepares tax books used by the County Collector as the basis for issuing tax bills to all taxpayers in Cook County.

ROLLING MEADOWS PARK DISTRICT
ROLLING MEADOWS, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

5. PROPERTY TAXES (Continued)

Property taxes are collected by the County Collector and are submitted to the County Treasurer, who remits to the units their respective shares of the collections. Taxes levied in one year become due and payable in two installments on March 1 and August 1 during the following year. The first installment is an estimated bill and is one-half of the prior year's tax bill. The second installment is based on the current levy, assessment and equalization and any changes from the prior year will be reflected in the second installment bill. Taxes must be levied by the last Tuesday in December of the levy year. The levy becomes an enforceable lien against the property as of January 1 of the levy year.

The 2009 property tax levy is recorded as a receivable, net of estimated uncollectibles approximating 1%. The net receivable collected within the current year or due and expected to be collected soon enough thereafter to be used to pay liabilities of the current period, less the taxes collected soon enough after the end of the previous fiscal year, is recognized as revenue. Such time thereafter does not exceed 60 days. Net taxes receivable, less the amount expected to be collected during a period not exceeding 60 days after the end of the fiscal year, are reflected as deferred revenue.

The 2010 tax levy, which attached as an enforceable lien on property as of January 1, 2010, has not been recorded as a receivable as of April 30, 2010 as the tax has not yet been levied by the District and will not be levied until December 2010, and therefore, the levy is not measurable at April 30, 2010.

6. RISK MANAGEMENT

The District is exposed to various risks of loss to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; illnesses of employees and natural disasters. The District purchases insurance to cover employee health, dental and life insurance.

Park District Risk Management Agency (PDRMA)

The District participates in the PDRMA. PDRMA is a public entity risk pool whose members are Illinois governments. PDRMA manages and funds first party property losses, third-party liability claims, boiler and machinery claims, workers' compensation claims and public officials' liability claims of its members. The District's payments to PDRMA are displayed on the financial statements as expenditures in the Tort Immunity Fund.

Each member assumes the first \$1,000 of property claims each occurrence and has self-insurance retentions at various amounts.

6. RISK MANAGEMENT (Continued)

Park District Risk Management Agency (PDRMA) (Continued)

Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers, a Risk Manager and a Treasurer.

The District does not exercise any control over the activities of PDRMA beyond its representation on the Board of Directors.

Initial contributions are determined in advance of each membership year based on the individual member's expenditures as defined in the bylaws of PDRMA, assessment factors based on past member experience and the funding needs for the membership year. The Board of Directors may require that supplemental contributions be made by members to ensure that adequate funds are available to meet the obligations applicable to the membership year. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

At December 31, 2009, the total equity of PDRMA was \$29,606,501. For the year ended December 31, 2009, the net income (loss) of PDRMA was \$(3,798,706). The District's share of the overall equity is 1.432% or \$423,950. The District made \$130,065 of payments to PDRMA during the year ended April 30, 2010.

In the event of a liability loss exceeding \$16,500,000 per occurrence, self-insured and reinsurance limit, the members would be responsible for funding the excess amount.

7. LONG-TERM DEBT

a. General Obligation Bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. In addition, general obligation bonds have been issued to refund general obligation bonds.

NOTES TO FINANCIAL STATEMENTS (Continued)

8. COMMITMENTS AND CONTINGENCIES

Contingent Liabilities

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

9. JOINT VENTURE

Northwest Special Recreation Association

The District is a member of the Northwest Special Recreation Association (the Association), which was organized by 16 area park districts in order to provide special recreation programs to the physically and mentally handicapped within their districts and to share the expenses of such programs on a cooperative basis.

The Association's Board of Directors consists of one representative from each participating park district. The Board of Directors is the governing body of the Association and is responsible for establishing all major policies and changes therein and for approving all budgets, capital outlay, programming and master plans. This cooperative association, however, is considered a separate reporting entity by the District's administration. The District does not have financial accountability for the Association, and accordingly, the Association has not been included in the accompanying general purpose financial statements. To obtain the Association's financial statements, contact their administrative offices at 3000 W. Central Road, Suite 205, Rolling Meadows, Illinois 60008.

10. GOLDEN YEARS COUNCIL

The Golden Years Council (the Council), a nonprofit, independent organization utilizes the Senior Citizens Center of the District. The District provides certain services and resources to the Council at no cost, including utilities, custodial service, insurance on certain equipment and the salary of a full-time recreation programmer. Special program activity costs provided by the District are covered by program fees collected from Senior Citizens Center program participants. The Council maintains separate accounting records for certain funds received and disbursed, which are not included in the District's financial statements.

The purpose of the interfund transfer was:

- The \$19,808 transferred from the Special Recreation Fund to the Recreation Fund was for reimbursement for certain allowable ADA costs. The amount will not be repaid.

12. RETIREMENT FUND COMMITMENTS

a. Plan Descriptions

Illinois Municipal Retirement Fund

The District's defined benefit pension plan, Illinois Municipal Retirement Fund (IMRF), provides retirement, disability, annual cost of living adjustments and death benefits to plan members and beneficiaries. IMRF is an agent multiple-employer pension plan that acts as a common investment and administrative agent for local governments and school districts in Illinois. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Pension benefits vest after eight years of service. Participating members who retire at or after age 60 with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Employees participating in the IMRF are required to contribute 4.5% of their annual covered salary. The member rate is established by state statute. The District is required to contribute at an actuarially determined rate. The employer rate for calendar year 2009 was 14.80% of payroll. The employer contribution requirements are established and may be amended by the IMRF Board of Trustees.

ROLLING MEADOWS PARK DISTRICT
 ROLLING MEADOWS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

12. RETIREMENT FUND COMMITMENTS (Continued)

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

For December 31, 2009, the District's annual pension cost of \$286,690 was equal to the District's required and actual contributions. The required contribution was determined as part of the December 31, 2007 actuarial valuation using the entry-age actuarial cost method. The actuarial assumptions included (a) 7.50% investment rate of return (net of administrative expenses), (b) projected salary increases ranging from 0.4% to 10.00% per year and (c) 3% per year cost-of-living adjustments (d) post-retirement benefit increases of 3% annually. Both (a) and (b) included an inflation component of 4.00%. The actuarial value of IMRF assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. IMRF's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis (overfunded liability amortized on open basis). The remaining amortization period at December 31, 2007 was 23 years.

Employer annual required contribution (ARC), actual contributions and the net pension obligation (NPO) are as follows. The NPO is the cumulative difference between the ARC and the contributions actually made.

b. Summary of Significant Accounting Policies and Plan Asset Matters

Significant Investments - There are no investments (other than U.S. Government and U.S. agency - guaranteed obligations) in any one organization that represents 5% or more of net assets available for benefits.

c. Trend Information

Trend information gives an indication of the progress made in accumulating sufficient assets to pay benefits when due.

	Fiscal Year	Amount
Annual required contribution (ARC)	2008	\$ 297,602
	2009	286,690
	2010	287,550
Actual contribution	2008	\$ 297,602
	2009	286,690
	2010	287,550

c. Trend Information (Continued)

	Fiscal Year	Amount
Percentage of ARC contributed	2008	100.00%
	2009	100.00%
	2010	100.00%
NPO (asset)	2008	\$ -
	2009	-
	2010	-

The funded status of the plan as of April 30, 2010 is based on actuarial valuations performed as of December 31, 2009 for the Illinois Municipal Retirement Fund and is as follows. The actuarial assumptions used to determine the funded status of the plans are the same actuarial assumptions used to determine the employer APC of the plans as disclosed above.

	Illinois Municipal Retirement
Actuarial accrued liability (AAL)	\$ 5,711,947
Actuarial value of plan assets	3,229,965
Unfunded actuarial accrued liability (UAAL)	2,481,982
Funded ratio (actuarial value of plan assets/AAL)	56.55%
Covered payroll (active plan members)	\$ 1,937,098
UAAL as a percentage of covered payroll	128.13%

See the schedules of funding progress in the required supplementary information immediately following the notes to the financial statements for additional information related to the funded status of the plan.

13. TERMINATION BENEFITS

During 2002, the District adopted an Early Retirement Incentive Program Offered by the IMRF. For an employee to be eligible to retire under this plan, the employee must have attained age 50 and have at least 20 years of creditable service by his or her retirement date. Five employees of the District accepted the early retirement agreement.

Under the agreement, the District and the employee were required to contribute an additional five years of contributions to the plan giving the individuals additional creditable service for these five years. The District has amortized its additional contributions over a ten-year period with interest charged annually on the remaining balance at 7.5%. These additional contributions are made through regular monthly contributions to IMRF. As of December 31, 2009, the most recent valuation available, the District's remaining contributions due under the program was \$340,633.

ROLLING MEADOWS PARK DISTRICT
 ROLLING MEADOWS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

14. OTHER POSTEMPLOYMENT BENEFITS

a. Plan Description

In addition to providing the pension benefits described, the District provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan (the Plan). The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual and union contracts. The Plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the Plan. The Plan does not issue a separate report. The activity of the Plan is reported in the District's governmental and business-type activities.

b. Benefits Provided

The District provides pre and post Medicare postretirement health insurance to retirees, their spouses and dependents (enrolled at time of employee's retirement). To be eligible for benefits, the employee must qualify for retirement under the District's retirement plan. The retirees pay the blended premium. Upon a retiree becoming eligible for Medicare, the amount payable under the District's health plan will be reduced by the amount payable under Medicare for those expenses that are covered under both.

c. Membership

At April 30, 2010, membership consisted of:

Retirees and beneficiaries currently receiving benefits	2
Terminated employees entitled to benefits but not yet receiving them	-
Active employees - vested	18
Active employees - nonvested	18
	<hr/>
TOTAL	38
	<hr/>
Participating employers	1
	<hr/>

ROLLING MEADOWS PARK DISTRICT
 ROLLING MEADOWS, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

14. OTHER POSTEMPLOYMENT BENEFITS (Continued)

d. Funding Policy

The District is not required to and currently does not advance fund the cost of benefits that will become due and payable in the future. Active employees do not contribute to the plan until retirement.

e. Annual OPEB Costs and Net OPEB Obligation

The District first had an actuarial valuation performed for the Plan as of April 30, 2010 to determine the funded status of the Plan as of that date as well as the employer's annual required contribution (ARC) for the fiscal year ended April 30, 2010. The District's annual OPEB cost (expense) of \$7,295 was equal to the ARC for the fiscal year, as the transition liability was set at zero as of May 1, 2009. The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for 2010 was as follows (information for the two preceding years is not available as an actuarial valuation was performed for the first time as of May 1, 2009):

Fiscal Year Ended	Annual OPEB Cost	Employer Contributions	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
April 30, 2010	\$ 7,295	\$ 8,449	115.82%	\$ (1,154)

The net OPEB obligation as of April 30, 2010 was calculated as follows:

Annual required contribution	\$ 7,295
Interest on net OPEB obligation	-
Adjustment to annual required contribution	-
Annual OPEB cost	7,295
Contributions made	8,449
Increase in net OPEB obligation	(1,154)
Net OPEB obligation, beginning of year	-
NET OPEB OBLIGATION, END OF YEAR	\$ (1,154)

e. Annual OPEB Costs and Net OPEB Obligation (Continued)

Funded Status and Funding Progress: The funded status of the Plan as of April 30, 2010 was as follows:

Actuarial accrued liability (AAL)	\$	86,129
Actuarial value of plan assets		-
Unfunded actuarial accrued liability (UAAL)		86,129
Funded ratio (actuarial value of plan assets/AAL)		0.00%
Covered payroll (active plan members)	\$	1,511,029
UAAL as a percentage of covered payroll		5.70%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial methods and assumptions - projections of benefits for financial reporting purposes are based on the substantive plan (the Plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the May 1, 2009 actuarial valuation, the entry-age normal actuarial cost method was used. The actuarial assumptions included an investment rate of return of 5.0%, projected salary increases of 5.0% and an initial healthcare cost trend rate of 8.0% with an ultimate healthcare inflation rate of 6.0%. Both rates include a 3.0% inflation assumption. The actuarial value of assets was not determined as the District has not advance funded its obligation. The Plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at April 30, 2010 was 30 years.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

April 30, 2010

1. BUDGETS AND BUDGETARY ACCOUNTING

- a. The Board of Commissioners follows these procedures in establishing the budgetary data reflected in the required supplementary information.
- 1) The Executive Director submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing the following May 1. The operating budget includes proposed expenditures and the means of financing them.
 - 2) Public hearings on the budget are conducted.
 - 3) Prior to August 1 of the following fiscal year, the budget is legally enacted through the passage of a Budget and Appropriations Ordinance.
 - 4) The Board of Commissioners may amend the Budget and Appropriation Ordinance in the same manner as its original enactment.
 - 5) The legal level of budgetary control is the fund level.
 - 6) All appropriations lapse at the year end. Expenditures legally may not exceed the total of appropriations and beginning fund balance at the fund level.
 - 7) The appropriations were not amended during the year by the Board of Commissioners.
- b. Annual budgets are adopted for the General Fund (including the Insurance Subfund), Special Revenue Funds, the Debt Service Fund and the Concessions Fund. The District adopts budgets consistent with accounting principles generally accepted in the United States of America.

2. EXCESSES OF EXPENDITURES OVER BUDGET
