

We pride ourselves in providing your children with safe, fun, and creative ways to express themselves through dance. Our dance curriculum is based on child development and the needs and abilities of our students. All classes will include barre work, center floor work, across the floor combinations and short dances.

Leveling system for our recreational classes

Join a class and work on skills at your level within the same class. Dancers will be given various skills to work on during the dance year. At each session break, dancers will be assessed using our new leveling system and awarded based on their growth. As students master skills, they will be given new skills to work on in class. Are you 12 or older and want to dance without the commitment of being in a dance company? Ask the dance teachers at rmpddance@gmail.com and we will work with you to get a class created for you and your friends.

Join a recreational dance class...the benefits are endless.

- Meet new friends
- Learn dance techniques while having fun.
- Participate in additional activities including:
 - Technique Awards Ceremonies
 - National Dance Week Dance Party/Lock-in
 - June Recital
 - 4th of July Parade
