## 3 Year Olds

No parents necessary here! This class helps children take that big step towards independence. With encouragement from skilled instructors, the class faces physical challenges which give them stronger bodies and sharper minds as well as a clearer understanding of their bodies and limitations.

## 4-5 Year Olds

These children are beginning to really step out and move. We know it is even more essential that their physical challenges be monitored for safety and that their attempts are rewarded so risks become exciting and failed attempts are seen for what they are - learning experiences.

## Gymnastics Birthday Party Info

Have your child's next birthday party at Rolling Meadows Park District gymnastics. We provide gymnastics, fun, and friendly cooperative games that are age appropriate and delight the children. Leave the mess at the gym and not in your home.

A party lasts 1 and ½ hours, and the first hour is activities in the gym, led by one of our enthusiastic instructors, and the last half hour is reserved for the traditional birthday cake and treats. We supply permission slips for your party guests, the fun, and a friendly instructor to lead the activities, table and chairs for cake time.

Parties are held on Sunday afternoons. For more information or availability call David Ray at 847-818-3200 x223.

Fee: \$135.00 (up to 16 participants)

## Gym Improvements

Come check out our new gymnastics floor this summer. USAG approved EVA foam. The #1 rated foam for safety and performance by USAG. Provides superior shock absorption and more bounce and a softer feel.

## Kindergarten

This class is for the little gymnast who already has some school experience. Because of their age, kindergarteners are able to handle a class which is slightly more "skill oriented." With the influence of positive reinforcement, children are afforded appropriate challenges which prepare them, physically and mentally, for our developmental gymnastics classes.
